

JAMSHEED P. BANAJI
BIOGRAPHY & AGENDA

I am a resident of Southport, Connecticut where I live with my wife Niloufer and our two daughters Jennifer & Zenia. I have been a ZAGNY member since my arrival in the US in 2001.

I am an MBA with an undergraduate degree in Statistics & Economics. I have over two decades of Pharmaceutical Business experience in markets across diverse markets in Europe, Asia, Latin America & Africa Middle East across a range of functions including Marketing, Business Development, Training & Business Operations. Currently, I am the Chief of Staff Emerging Markets & Established Products Medical & Development Team at Pfizer Inc in New York City. My current responsibilities include a broad range of strategic, operational & organizational support & leadership of the group by being a key thought partner around group's vision, mission, budgets & strategic initiatives. My responsibilities & experience include planning, evaluating, negotiating & executing deals & projects worth several hundred million dollars.

While my involvement with ZAGNY has been limited due to my extensive business related travel schedule earlier, I am looking forward to serving the community in an active & substantial manner which leverages my broad experience & capabilities as well as providing a fresh perspective towards the multitude of issues & tasks facing DMZT & the community.

If elected, my agenda/focus for the term would be to partner with the fellow trustees to provide strong, balanced & innovative leadership & perspective to help successfully drive the New Darbe Mehr Project decision making – a project that has potential to benefit the community for the next several decades, but is a complex & multi-faceted task that also has potentially profound financial implications for the community for years to come.

I hope to work assiduously to earn your & the community trust through an active involvement as a Trustee on the DMZT Board and I seek your vote to serve our community as a DMZT Trustee for the next three years.

DARIUS K. MODY
BIOGRAPHY & AGENDA

I live in Connecticut with my wife Tinaz and our two boys Zal and Jehan. I have spent the majority of my career working for large banks within operation and project management capacities. During the last couple years I have enacted an entrepreneurial transition where I have consulted within banking and began running a small real estate development business.

I have been extremely fortunate to have been a member of ZAGNY since I was 8. As a child and teenager I have benefited from the various social programs, religious classes, and celebratory functions. ZAGNY played an integral role in keeping me deeply rooted in my Zoroastrian faith and community. As my children approach religious class age I truly recognize the value this community played in my life and the value I want it to continue to play in the lives of the youth of our community.

It is my generation's turn to give back. It is my turn to give back. I look forward to playing a more direct role in the direction of our Darbe Mehr. We are at a significant point in the history of the Zoroastrian Association of Greater New York. This new project needs to fill the needs of our community for multiple generations. We have the responsibility to ensure that this happens. I have practical real estate and broad based business experience which I can draw upon to benefit Darbe Mehr. More specifically, I manage several properties and have general contracted both new construction and renovations on multiple properties.

That being said, I am running for election to the Board of Trustees as representative of ZAGNY for the DMZT.
